

American Horse Trailer Rental ~ Featured Business

Southern California Equestrian Directory – October 1st 2010

www.socalequine.com

Have you ever wished you could pull into your next show with a beautiful, shiny new living quarters trailer without the expense and maintenance of owning one? Experienced horseman and trainer Gregg Miron used this as his inspiration for starting the fastest growing horse trailer rental company in the country. Their research has shown that most horse owners only trailer a few times in a year, compared to the expensive cost of buying, operating and maintaining a truck and trailer for hauling. The idea of being able to rent the trailer, instead of laying out the cash to own one, allows the hauler to customize each trip with the right size trailer. Plus, with the savings of not owning a trailer, think of the upgrades you could make to your truck!!!

Renting a horse trailer from American Horse T Trailer Rentals gives horse owners and professionals so much flexibility - and cost savings to boot! Most of us are used to the old fashioned two horse, straight load trailers for rent - many a horseperson would refuse to put their prized horses in it! With American Horse T Trailer Rentals, the selection and quality are unmatched - and are a testament to the experience and reputation of the company President. Any horseperson would be thrilled to haul in top name brand trailers such as Bloomer, Sooner, Exiss, Featherlite, Sundowner and C&B Maverick. Renters may select from 2, 3 & 4 Horse models, some bumper pull, some gooseneck, and some with full living quarters. The key for equine professionals is that they can rent the particular trailer needed for each trip - sometimes needing to haul 4 horses to a show, or other times just taking a small trip to the equine hospital for one horse. Each time the exact trailer can be rented to suit that particular haul. This results in more savings, less wear and tear on your vehicle, and gives trainers and barn owners access to a fully maintained and insured horse trailer every time.

New locations are opening rapidly, beginning with the Corporate Headquarters in Visalia, CA; other California locations are in Elk Grove, Norco, Bakersfield and San Marcos. There are also rental locations in Phoenix, AZ and Hudson, New York. For more information about becoming a new distribution center for American Horse T Trailer Rentals, please contact the Corporate Office at 559-381-5357.

American Horse Trailer Rental ~ Featured Business Continued ~ P. 2

Here's how the program works. Step 1: Prepare your vehicle for towing (advice on hitches, electrical, ball sizes and towing capacity is available over the phone and on the website). Step 2: Select the model you need and call the National Reservation Hotline at 559-381-5387 from 9am to 9pm Pacific Standard Time to book your reservation. Step 3: Pick up your trailer at the nearest location. it's that simple!!

The uses for renting a horse trailer from American Horse T Trailer Rentals are unlimited. Just think of the upcoming fire season - instead of having to buy a trailer to have the peace of mind that you are prepared, why not rent a trailer for fire season? That would be inexpensive insurance, and having a large enough trailer to evacuate would certainly give a feeling of security. Then, when the threat is over, simply return the rental! Saving on hotel accommodations by renting a living quarters trailer is another cost effective strategy. If clients have to pay the hotel costs for trainers at a multi-day out of state show, why not have all the clients pitch in to rent the living quarters trailer - when you see

the interior, you'll want to stay in it yourself!!! Plus, this allows someone to be on site with the horses, just in case something may happen and saves time commuting back and forth from hotels. Even those who already own a trailer can find a time when a different trailer would serve their purpose better - and what better time is there to rent? Let's say this is the first year you have qualified for the World Show - but only with one horse. You would rather not put the wear and tear on your 3 horse show trailer, and you could just rent the nice 2 horse bumper pull for the trip - easy, convenient and efficient!

The trend has begun - horse owners may soon be ditching their expensive trailers, keeping their trucks (or perhaps even upgrading to a newer truck model with their savings!) and calling American Horse T Trailer Rentals - to rent the perfect sized, 2/3 or 4 horse trailer, for every hauling occasion! Visit the website for pictures of the showroom quality trailers available for rent, and call the National Rental Hotline at 559-381-5387 for pricing. and book your next haul in style with American Horse T Trailer Rentals!
