North San Diego County is home to a quaint boarding and training facility known as Avante Hill Farm. A dream six years in the making for owner Jane Roehenmaker, Avante Hill is the perfect setting for enjoying horses. The farm is now accepting new clients for boarding, rehabilitation and lay-ups, and training. Avante Hill is situated on acres with a beautiful newly painted show barn, mare motel, large arena with rubber/sand blended footing and exceptional personal care.

What sets Avante Hill Farm apart is the attention and care of the horses by Jane, the farm's owner. Jane is an accomplished Vet Tech, with extensive experience in treating injuries. Jane was a preferred vet tech for racing greats like Secretariat - he used to whinny and nuzzle her when she did his leg treatments and massage! When clients bring their horses to Avante Hill for care, Jane personally oversees and performs the necessary treatments, which are customized for each horse upon request. The facility is close to several reknown veterinarians, and Jane works hand in hand with them to ensure proper recovery for the horse.

Boarding clients will enjoy the farm's amenities, great location and quality care. The u-shaped show barn has a beautiful courtyard with an overhang for covered cross ties, two tackrooms and some in and out stalls. There are a few 12x24 stalls in the barn for foaling, larger horses, or indoor layup. The board for the barn stalls is \$450 per month, including feed twice a day, shavings, blanketing, and daily supplement feeding (pre-mixed provided by clients). Avante

Hill also has a nice full covered mare motel with 12x24 or 24x24 stalls. This is a great alternative to the barn, with board rates from \$340 per month. Boarders have access to the large 200' arena, which has exceptional blended footing with both sand and rubber material. Boarders with all breeds are welcome at Avante Hill Farm.

Riders of all disciplines are also welcome at the farm. Instruction and Training are offered by on site Trainers at the facility, with Centaur Training and Angie Taylor Dressage. The Trainers at Avante Hill are available for boarding clients if they would like assistance with their own horses, and a select number of schoolmasters can be used for instruction. The facility is ideal for multiple riding events, and with the central location right off the 15 fwy, clients who compete at shows have easy access to several main show venues from Temecula to Del Mar.

Whether you are looking for a private farm to provide great care to your horse, or a quiet facility with everything you need to train and show, Avante Hill Farm is the perfect place. Please visit the website at [www.avantehillfarm.webs.com](http://www.avantehillfarm.webs.com) for more photos and specific information about the Training and boarding services at the facility.
