Creating memories for children which will last a lifetime is what Pony Pals' events are all about. Bring the world of animals right to your doorstep with an interactive, hands on pony party which includes pony rides on beautifully decorated ponies plus a petting zoo where kids can experience the love and joy of touching and playing with a variety of farm animals.

Pony Pals events will delight any child on their birthday. The custom parties can be planned for any number of children and guests. With the estimated number of guests, Pony Pals will help determine the right size of petting zoo, and clients can choose from a variety of animals. From the smallest baby chick, soft sheep, fuzzy llamas, bunnies and even the smiling pot bellied pig... there is a farm animal for every child to love. Birthday parties will be remembered when planned around the Pony Pals pony rides and petting zoo. The size of the petting zoo is determined for each event, with a selection of small 10'x10' to the medium 10'x20', and the large zoo size of 20'x20'. The equipment is very well maintained and operated with experienced staff. Pony Pals provides only the safest and friendliest ponies, using either the 4, 6 or 8 pony sweep. This style of pony ride ensures safety for the children, can work in many neighborhoods and yards, and is perfect for photographs and video.
